Perseus & Andromeda is 18 minutes of fun, while also teaching children and adults the Greek story about the stars.

Planetarians can use *Legends* as pre-shows to a traditional star ID show and lecture. By engaging the audience with a wonderful story filled with humorous and exciting characters, you are also engaging their desire to learn about astronomy.

People love *Legends*. Planetarians who have seen the laser version say it is educational AND entertaining, for adults as well as children.

You can be sure your audiences will love *Legends* as well!

Running time: **18:12** Content: **Mythology, astronomy**
Suitable for: **Family audiences** Year of production: **2010**

Public performance of this show requires the signing of a License Agreement.
