Molecularium: Riding Snowflakes

Everything is made of atoms!

Produced by
The Molecularium Project

Distributed by
Loch Ness Productions

Molecularium: Riding Snowflakes, the award-winning digital dome experience, is a science lesson, a thrill-ride, and a magical musical adventure in a world of atoms and molecules. Aboard the Molecularium, audiences join a cast of atomic characters on an immersive and unforgettable adventure into the nanoscale universe. Explore billions and trillions of atoms and molecules with Oxy, a precocious oxygen atom, and Hydro and Hydra, her wacky hydrogen pals. Ride from the atomic structure of a snowflake to the far reaches of space aboard the Molecularium, the most fantastic ship in the Universe.

In the digital dome adventure **Molecularium**, audiences are transported into the world of atoms, where they learn about the water cycle, the three states of matter, and that everything is made of atoms and molecules. Aligned with national science standards in primary school learning, educational assessment has shown that **Molecularium** truly helps kids learn.

Molecularium brings kids on a

musical cartoon adventure into a nanoscale universe created from accurate molecular simulations. They travel into a cloud, watch a snowflake form, and count the number of water molecules in a raindrop.

Running time: **23:04** Year of production: **2005**
Suitable for: **Family audiences**
Information about: **Atoms and molecules**

Public performance of this show requires the signing of a License Agreement.

Molecularium: Riding Snowflakes			
MOVIE SIZE	For systems projecting circles that are:	1-YEAR LICENSE	PRODUCT CODE
SMALL	smaller than 1300 pixels	\$3,400	MOL-S1
MEDIUM	1300 to 2000 pixels (or prewarped)	\$8,000	MOL-M1
LARGE	2000 to 3000 pixels	\$12,800	MOL-L1
X-LARGE	larger than 3000 pixels	\$15,400	MOL-X1
SLICED	sliced for multiple projectors	\$18,000	MOL-G1

Molecularium: Riding Snowflakes			
MOVIE SIZE	For systems projecting circles that are:	50-YEAR LICENSE	PRODUCT CODE
SMALL	smaller than 1300 pixels	\$4,250	MOL-S
MEDIUM	1300 to 2000 pixels (or prewarped)	\$10,000	MOL-M
LARGE	2000 to 3000 pixels	\$16,000	MOL-L
X-LARGE	larger than 3000 pixels	\$19,250	MOL-X
SLICED	sliced for multiple projectors	\$22,500	MOL-G

PRICES INCLUDE encoding/formatting and slicing for most fulldome systems. Contact us for details.
